VOL. CVXIIII.—148. ALEXANDRIA, VIRGINIA, THURSDAY, JULY 10, 1913. PRICE, 2 CENTS

WEST VIRGINIA ABOUT TO SETTLE

Recognizes Claim of Old Dominion For Payment of Part of Debt.

TO HOLD CONFERENCE

Commissioners Agree to Meet Virginia Representatives in Washington on the 25th Instant.

Richmond, Va., July 10.—For the first time West Virginia has officially recognized its debt to Virginia and has agreed to negotiate in regard to a settlement. Commissioners representing the two States will meet at the New Willard Hotel in Washington on July 25. For years Virginia has been urging a settlement of its claims against West Virginia, aided by a committee of bond-holders. The matter was finally referred to the United States Supreme Court at h-aaeme jt mht mht mht mhttmh. Washington, where a decision as to the principal was rendered in favor of Virginia, it being suggested that the two states might get together and compromise as to the interest claims.

West Virginia after years of delay has appointed a commission of public men to treat with Virginia for a settlement. John W. Mason, of Fairmont, W. Va., is chairman of the commission. After correspondence with John B. Moon, of Charlottesville, chairman of the Virginia commission, and with Attorney General Williams, Mr. Mason has announced that the West Virginia debt commission would meet in Charleston, W. Va., on July 22, for a conference, and would go on to Washington to meet the Virginia commission on July 25. It is the general understanding that West Virginia will have something to propose in regard to a compromise settlement of the interest claims or possibly a method of refunding or financiering the payment of the debt over a period of years. The Virginia commissioners regard the appointment of a West Va., debt commission with authority to negotiate in regard to a settlement, as a distinct forward step toward a financial solution of the long drawn out controversy.

BOILER TURNS ROCKET.

Tears Through Walls as Though Paper, But Spares 15 Lives.

Pottstown, Pa, July 10.—Fifteen workmen were in the shadow of death when a 35-gallon rendering boiler blew out at the Keck abattoir plant yesterday afternoon. Sixteen inch joists were ripped apart like cardboard as the top of the boiler crashed through the end of the strong-room and pieces of lumber were hurled hundreds of feet into the air. Some of the debris was picked up two squares away. The damage is $2,000.

The bottom of the boiler crashed through the bottom of a 12-inch concrete base supported by iron rails and two of the sides of the building, 16 inches in thickness, constructed of brick were blown out.

Thomas Hartenstein, who was seated 10 feet away from the boiler, was buried in the debris, but escaped without a scratch.

The boiler was practically new, having been installed only last fall. The explosion was heard a half a mile away.

NEWS OF THE DAY.

Quincy, Ill.—Ray Pfanschmidt, slayer of his father, mother, sister, and Miss Emma Kampen, a young school teacher, was sentenced to be hanged October 18.

New York.—"If necessary, I will spend every cent of my legacy to get the vote," said Mrs. Ida Craft, the suffrage worker, who inherited $100,000.

Miss Elizabeth Blake, owner of the famous Castle Renald, at Newton, Conn., is mourning the loss by death of her pet Japanese poodle, which recently won the world's championship at the Waldorf-Astoria toy dog show. The animal was valued at $6,000. Miss Blake fed the dog on the choicest of food and provided a maid for his care. Two veterinary surgeons and the family physician attended the dog, which had been seized with a fatal malady. The body of the animal was embalmed, and with the ceremonies usually attending the burial of the dead, a handsome coffin was lowered into a grave beneath the castle walls.

The Paris Figaro publishes a Rome special stating that the tribunal of the Rota has reversed the refusal of the court of first instance to nullify Comte Boni de Castellane's marriage to Miss Anna Gould, now the Duchess de Tallyrand. The new decision declares that the marriage was null.

Suspecting his wife of infidelity and also of leading his young daughters astray, W. H. Hodges, a well known white man and tug boat master, of Wilmington, N. C., early yesterday morning muffled the sound of his boat as it approached his home on the river, and by this means surprised a man at his house. Incensed, he seized a shot gun presumably to kill the intruder, but he stumbled and fell, the gun being discharged, and retribution in that way was meted out his wife. The shot hit the woman in the stomach, killing her instantly. The man, whose identity so far has not been discovered, ran away and made his escape.

Several lives were lost and a number of persons were injured, houses were set afire, citie swere left in darkness and hundreds of farm buildings were flattened by the gale which swept across sections of Aurora, Ill. yesterday afternoon.

Thirty Elks narowly escaped a drop of 175 feet into the Genesee river last night when a sightseeing car on which they were passengers crashed through a bridge railing.

At the highest point the bridge is 212 feet above the river. The accident was due to the attempt of the chauffeur to avert a collision with a runabout driven by a woman. When the big machine hit the railing ten feet of the guard crashed into the river.

The right front wheel of the sightseeing machine hung over the bridge, and the car had to be jacked up before the party could go on.

General Armando Riva, chief of the Cuban National Police, who was shot and mortally wounded during a political argument on the Plaza in Havana, Monday night, died yesterday. A charge of murder was subsequently lodged against General Ernesto Asbert, Governor of the province of Havana, and two others.

Yesterday was the forty-ninth anniversary of the levy by General Jubal Early of a ransom of $200,000 upon Frederick, Md. The money was paid under threat of burning the town. General Early's command numbered about 30,000 cavalry, artillery and infantry, and after levying and securing $20,000 Hagerstown marched to Frederick. The request for the money was made in a note to the Mayor, signed "W. J. Hoffman, chief commander Confederate States Army of Virginia." Mayor called together the Town Council, which acceded to the demand, the money was taken from the bank of the city in greenbacks and placed in baskets and delivered to the officers, who gave a receipt for it. The debt has never been repaid, remains a burden to taxpayers. By paying the ransom United States Government supplies aggregating $1,000,000 stored in warehouses in the city at the time, were saved. For years past effort has been made to have congress refund the principal amount, but thus far without avail.

VIRGINIAN MAY BE ON COMMITTEE

Representative Carlin or Hay Likely to Take Part In Inquiry.

MAY BE CHAIRMAN.

Mr. Hay Wants Close Investigation of Alleged Manipulations of Congressional Lobby.

Washington, July 10.—A Virginian may become a member of the important house lobby investigation committee which will be appointed by Speaker Clark within the next few days. Current gossip here is that either Representative Carlin, of Alexandria, a member of the Judiciary Committee or Representative Hay may be named to this committee by the Speaker.

There will be seven members of this committee, four from the Democratic side, two from the Republicans, and one from the Progressive, according to what is said at the Capitol. It is quite likely that Representative Garrett, of Tennessee, will be the chairman, although there is a possibility that if Representative Carlin or Hay go on the committee either may be chairman.

Gossip states that Mr. Hay is most likely to be asked to serve. During the debate on the resolution in the House a day or two ago, Mr. Hay was first pronounced in his stand not only for a board and thorough investigation into the Mulhall charges but he also insisted upon the investigation being made at once, in order that the integrity of the House members might be sustained. Where there was more or less disposition shown on the part of some of the members for delay, Mr. Hay insisted that if anything was to be done, it will be done quickly.

It is realized that this is not a position which any one is seeking. The duty of delving into the affairs of the various House members is not likely to be a pleasant one, but at the same time, it is not believed that any member whom Speaker Clark may will decline to serve.

MORPHINE IN STOMACH.

Discovery Is Said to Bear Out Accusations Made by Heirs of Joshua Crawford.

Atlanta, July 10—Testimony that traces of morphine and an element of arsenic was found in the stomach of the late Joshua B. Crawford, Atlanta capitalist, reported to have died of pneumonia, was given here yesterday by Dr. H. F. Harris, secretary of the State Board of Health.

The testimony was introduced at a hearing before Auditor James N. Anderson, which heirs are seeking to have the will of Crawford set aside. It takes Mrs. Mary Bell Crawford, a wife of a few weeks, the chief beneficiary of his estate, which is valued at $250,000.

Allegation was made by the plaintiffs in their petition to have the will set aside that Mrs. Mary Belle Crawford "produced the death of the deceased by the continued administration of narcotics and Jin[illegible]."

Dr. Harris recently made an examination of the organs of Crawford, the body being exhumed after having been buried four years.

Milano Respited.

Washington, July 10.—Tony Milano, the Italian shoemaker, condemned to die on the gallows at the District Jail Monday, for the murder of Harry Elton Smith, eleven years old, September 11, 1911, was today granted a respite by the President until July 28th.

The respite was allowed because of the fact that President Wilson will not return to Washington until next week, unless there is some emergency calling him back before then. The stay of execution was granted at the suggestion of the Department of Justice.

WAR NEARING END

Fighting in Balkan States About to Cease.

St. Petersburg, July 10.—The early cessation of fighting in the Balkan states was forecast here today when the Bulgarian minister informed the foreign office that King Ferdinand had ordered the withdrawal of the entire Bulgarian line which has been engaging Greek and Servian troops.

According to the minister, King Ferdinand has removed General Savoff as commanding officer of the army on account of his precipitating the war. He has also decided not to accept the Greek and Servian declarations of war.

CHIEF ASSAULTED.

Head of Danville Police and Attorney Have Brisk Bout.

Danville, Va., July 10.—Chief of Police James R. Bell was assaulted yesterday morning while at his desk in his private office in the courthouse by Attorney Roy C. Coleman, in the presence of the Mayor and two other city officials, who were able to separate the combatants before any serious damage had been inflicted. Coleman was unmolested during the day, but a warrant charging him with assault was issued in the evening, but has not been served, his whereabouts being unknown.

Coleman entered the courthouse and requested the Mayor to produce a search warrant used by officers raiding a negro's house on July 4, and which Coleman has openly charged was not issued until after the raid had taken place. The Mayor withdrew from his office to that occupied by the chief of police, in order to comply with the request Coleman following him.

As the chief produced the document, Coleman, it is alleged, declared that the warrant had been issued after he had made his charges against the police officers making the raid. Mr. Bell quickly replied that the document was in the officer's possession before they entered the dwelling. "Oh you'd say anything," retorted Coleman, and as the chief rose from his seat, protesting against the insinuation, Coleman struck him full in the face. The two grappled and two or three blows were passed before the others in the room threw themselves between the two men. Coleman sustained a slight abrasion upon the cheek, but the officer showed no signs of bad usuage. Coleman, after washing himself in another office in the courthouse, was allowed to leave without being summoned or bonded. Mayor Wooding has declined to sit on the case because he is related to Coleman. Police Justice C. R. Raine will preside at the trial.

HOME WILL REMAIN AT BEDFORD CITY

Rochester Convention of Elks Vote Down Project to Move It.

THE ISSUE UP BEFORE.

Virginia Institution Only Home Maintained by Order in Country—Has About Eighty Inmates.

Richmond, July 10.—The Elks' National Home will remain at Bedford City. This information came last night in a telegram from N. S. Richter, delegate from the local Elks' lodge to the national Elks' convention at Rochester, addressed to Exalted Ruler Eugene Brauer. The message states that the convention voted yesterday to maintain the national home in the Virginia town, and brings the additional information that the next annual convention will be heard at Denver.

To Virginia Elks the action of the order in the matter of the national home is particularly gratifying. An organized effort has been made at the past two or three national meetings to secure the removal of the home from Virginia to points variously suggested in the North and West. The movement was strenuously opposed by the Virginia delegations, which succeeded year after year in mustering enough strength to defeat it.

The Elks' National Home was established at Bedford City about twelve years ago, and is the only home maintained by the order in the United States. For the past several years it has been caring for about eighty inmates. It is designed to take care of aged and indigent members of the order.

With the matter finally settled the way is left clear for the enlargement of the home provided for by a $250,000 appropriation made by the order for that purpose several years ago. The improvement was halted pending the adjustment of the conflicting sentiment as to the home's permanent location.

Rochester, N. Y., July 10.—The Grand Lodge of Elks has accepted the $260,000 bid of a Salt Lake contractor, and will build a new national home. Whether the home shall be on the site of the present home in Bedford, Va., or elsewhere, rests with the National Home commission, of which Garry Herrmann, of Cincinnati, is chairman.

Discussion of the report by Mr. Herrmann, on plans for the home occupied all yesterday afternoon's session. For three years the commission has reported in favor of erecting the home on the old site. This year a movement was launched in favor of its erection at some other place. The only expressed objection to the present site is that the inmates are isolated and become lonesome. The Bedford Home has been in existence ten years. Bedford, Ind., today offered a $25,000 site to the grand lodge.

Charles A. White, of Chicago, was elected treasurer of the Grand Lodge.

The weather at the close of yesterday became humid and early in the night rain began to fall. Later the wind became fresh and there were heavy downpours accompanied by considerable thunder and lightning.

The showers seemed to extend over a large aera, and were much needed, as vegetation in this vicinity had been withering for want of rain.

CAPTAIN POTTS WILL APPEAL.

Retired by Navy "Plucking Board," He Would be Reinstated.

Washington, July 10.—In an effort to have his case reconsidered Capt. T. M. Potts, U. S. N., who was retired last week by the "plucking board," will make a final appeal to President Wilson. Captain Potts arrived in Washington yesterday and discussed his case with friends in this city, among whom were several Congressmen.

Friends of Captain Potts will urge the President to nullify the action of the "plucking board" and to send to the Senate the name of Captain Potts for promotion to rear-admiral. He was due for promotion to this rank on March 25 of this year. The fact that he had not seen sufficient sea service led Secretary of the Navy Daniels to recommend that he go to sea. Subsequently Captain Potts was placed in charge of the Louisiana and remained in command of that vessel until he was "plucked."

Referring to the case, Secretary Daniels stated today that as far as he was concerned the case was closed. The decision of the "plucking board," he declared, was final, unless the President saw fit to intervene.

Captain Potts is a brother of Miss Elizabeth Potts, of Alexandria, and also prominently connected in other sections of the state.

Providence—Rear Admiral Thomas Thompson Caswell, U. S. N., retired, is is dead at Weekpaugh. After 39 years' continuous service in the navy he was retired in 1899.

SHANKS' CASE GOES OVER TILL JANUARY

Jury Unable to Agree and Judge Waddill Orders Their Discharge.

EVIDENCE IS PRIVATE.

Many Witnesses Placed on Stand to Testify in the Charges Against Government Engineer.

The defense in the case of Arthur Shanks, alias Arthur West, on trial in the United States Court for the eastern district of Virginia, Judge Edmund Waddill, Jr., on indictments charging him with improper conduct with young girls on the government reservation at Rosslyn, rested yesterday afternoon, when the Gazette report closed, and when counsel for the government announced that they could sum up in fifteen minutes, the attornyes for the prisoner stated that they could conclude in an equally brief period. At the end of an hour the jury through Foreman Mark R. Norris, notified the court that a decision had not been reached, and Judge Waddill ordered the jurors secluded until 10:30 o'clock this morning.

Several witnesses were on the stand yesterday including some of Shanks' alleged victims and representatives of the Department of Justice. During the trial persons not interested in the case were excluded from the courtroom.

The case has attracted considerable attention in Alexandria and vicinity.

After the court had been called to order this morning the foreman announced that the jury was unable to agree, whereupon, Judge Waddill ordered them to be discharged. The case will go over until the January term.

Several minor cases will be called today. They will either be continued or transferred to Norfolk or Richmond, and the court is expected to adjourn today.

On the statements of nine little girls, of ages ranging from 10 to 16 years, Arthur Shank, 47 years old, chief engineer at the United States pumping station, at Rosslyn, Alexandria, county, was arrested several months ago in Washington and held on serious charges.

The investigation, which resulted in the man's arrest began with the arrest on November 14th of [illegible] Marie Merritt, of Washington, charged with incorrigibility. The girl was finally taken before the Juvenile Court and committed to the custody of the board of children's guardians for one year. She was sent to the Industrial Home School.

The child is said to have mentioned Shank. She also furnished the police with the names of girls who, she asserted, could tell stories similar to that she related. The matter was reported to the Department of Justice, and Mr. Ambrose went to work immediately on the case.

WAR ON LEATHER MUZZLE

Dogs Not Prevented From Biting, It Is Said, By These Useless Contrivances

An attempt to banish the leather dog muzzle will be made by the Maryland Society for the Prevention of Cruelty to Animals, according to the statement of Miss Mary B. Shearer, its president, in Baltimore, yesterday afternoon. Miss Shearer say the leather muzzle should be replaced with those of wire which prevent biting, but allow the animal to breathe and drink freely.

Miss Shearer could have added that wire muzzles are by no means as uncomfortable to the brutes as leather. The dog seldom paws and endeavors to free himself from the former, while it works almost incessantly to get out of the strap mupzzle. The wire contrivance, while rendering the canine absolutely harmless, is much cooler than leather.

The law of the city of Alexandria provides that dogs shall be properly muzzled when allowed to run at large. It was suggested at the time the law was passed that leather muzzles were almost useless, and a few days later a man appeared in the station house to lodge complaint that he had been bitten by a "muzzled" dog.

In this connection it may be stated that the number of unmuzzled dogs seen running about the streets is on the increase.

The law requires that licenses shall be obtained for all animals of the canine species by July 1st. Applications for the same are as slow this year as formerly, and the City Auditor experiences long intervals between calls for medals.

CHARGE DENIED.

Frederick Mertens manager of the Mount Vernon and Marshall Hall Steamboat Company, denies the charge made by Loyal Tent, No. 1097, Independent Order of Rechabites, of Washington, that indiscriminate sales of liquor on board the excursion steamer Chares Macalester were made to girls under sixteen years of

According to Mr. Mertens, the bartenders on board the Macalester never sell liquors of any kind until the ship passes the District line at Jones' Point, and to miners nver.

The Rechabites, at a meeting, passed resolutions saying that on the Fourth the bar on the ship began the sale of whisky and beer as soon as the boat left the Washington wharf. To this charge Mr. Mertens says there is absolutely no foundation. "We always live up to the strict letter of the law," he said.

Atlantic Coast Realty Company's Auction Sale of Lots in the Northwest

A unique entertainment was furnished this morning by Burton Bros., ereirs for the Atlantic Coast Realty Company, who conducted the auction sale of lots located at the uction of Commerce, Peyton and Prince streets, for George Appich, agent.

The auction was a complete success, every lot sold almost in record time, although not equaling the record of the auctioneers in other places where they have sold lots at the rate of one a minute.

The method of auctioneering used by Burton Bros., is peculiar to themselves. The brothers sing and cry in perect unison, working together as one man and in a singing tone of voice describing the lot and bids in an attractive manner.

A very large crowd was present among which were a large number of buyers, the feature of the sale to a great many however, was the distribution of the prizes, with the Atlantic Coast Realty Company, through the auctioneers, presented to the lucky holders of cards present at the sale.

Doctors Use This for Eczema

Dr. Evans, Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The cure must be applied through the skin. The germs must be washed out, and so we have also been found worthless. The most advanced physicians of the country are agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema, salt rheum and all other diseases. This combination is known as D.D.D. Prescription for eczema.

Dr. Holmes, well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

Ourselves, we vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

DROWNED WHILE SWIMMING.

Young Washingtonian Loses His Life Near Culpeper.

Culpeper, Va., July 10.—Albert C. Deakins, 23 years old, of 501 8th St., southwest,, Washington, was drowned Tuesday afternoon while swimming at Hazel River Mills, near Culpeper. The young man, who was employed by the Washington Railway and Electric Company, was visiting relatives of his landlord, J. A. Compton,and, with a party of other young men, decided to take a plunge in the mill pond.

With him were Leon A. Compton, Clifton Compton, and Cleveland Joliff, all of Virginia. When they arrived at the mill, the two Comptons and Deakins rushed for the water, while Joliff sat on the bank watching them. Deakins waded out into the water and suddenly got beyond his depth.

Deakins called for help and Clifton Compton at once went to his assistance. Deakins, who was overcome with fright, clung to Compton, who was not a good swimmer, and both went down. In order to save his own life it then became necessary for Compton shake off the death grip of his companion. This he did, and both he and the other young men did all in their power to rescue Deakins. Deakins sank as soon as Compton succeeded in getting away from him. The body was not recoverd until a late hour Tuesday night.

J. A. Compton, with whom Deakins boarded in Washington, immediately upon receipt of the telegram of the accident, wired the boy's family at Indian Head, Md., and yesterday morning, J. H. Deakins, father of the boy, and his brother Maury, went to the scene and got the body. They returned to Washington last night, and took the body to their home on the steamer Wakefield.

Funeral services will be held at Nanjemoy.

MORE THAN 200 DELINQUENT.

Richmond Grand Jury Preparing to Indict Business Men Who Owe State Tax.

[illegible] 10, between 200 and 300 Richmond business men, according to Clerk Christian, of the Hasting Court, are delinquent in the matter of taking out state licenses, and are liable to be indicted by the grand jury and fined. The list includes practically every class of business liable to the Commonwealth for an annual tax.

The statute fixes May 1 as the last day upon which licenses may be taken out for the year. Failure to obtain them by that date lays the delinquent open to a fine. The grand jury empannelled for the hearing of charges at the present term of the Hustings Court will meet shortly to return indictments against business men who have failed to comply with the State law.

TO PROBE HOME FOR GIRLS.

Whites Worked Under Negro Boss in Virginia, Alleged.

Richmond, Va., July 10.—Rumors and reports of irregularitis and mismanagament of the Virginia Home and Industrial School for Girls, at Bonair, in Chesterfield county, will be probed by order of Governor Mann.

The investigating party, which will be composed of Dr. S. C. Hatcher, chairman of the State Board of Charities and Correction; Dr. Peter Winston, of Farmville;; Dr. Douglas S. Freeman, of Richmond, and L. P. Stearnes, of Newport News, will probably sit next week and take testimony from witnesses under oath.

Charges that girls were forced to work in the garden under the supervision of a negro and that the negro paraded about the garden with a revolver strapped to his waist, together with other complaints, caused Governor Mann to order the probe.

The Bonair home was instituted in 1910 by private individuals on a farm belonging to B. F. Johnson and the board of directors numbers about 25 persons, including several Richmond ministers.

SUNDAY SCHOOL WORKERS.

Interesting Addresses on Sunday School Work Delivered At Roanoke.

Roanoke, Va., July 10.—The second day of the summer normal school for Sunday school workers began with Holy Communion at Christ Church at 7:3 0o'clock yesterday morning.

The first lecture of the day was delivered in St. John's Church by Jane Milliken, of Baltimore, who was lecturer, her subject being "The Appeal to Early and Middle Childhood."

At 10:40 Professor J. M. McConnell, Ph., D., University of the South, Sewanee, Tenn., gave his first lecture course on "Teaching the Bible."

One of the most pleasing features of the day was on the subject of "Church Catechism," by Mr. John Lemon."

"The Making of Modern Leaders," by the Rev. G. C. F. Bahl, D. D., department secretary, was another inspiring feature of the morning session.

The last lecture of the morning was given by Miss Mary E. Winey, of the Church of the Ascension, Mount Vernon, N. Y. Miss Winey's subject was "'Girl's Need in Social Life."

A conference of students was held at Mountain Park at 4 o'clock. At 8 P. M., an illustrated lecture was given in Elmwood Park by Rev. Mitman, subject "The Land and the Book."

REQUISITES FOR MARRIAGE

Eight Episcopal Ministers Tell Why They Oppose Certificates.

Richmond, Va., July 10.—The eight Episcopal ministers of Richmond who declined to enter into agreement with their brethren to demand of prospective husband medical certificate as a requisite to the performance of the marriage ceremony by them have issued a statement to the public setting forth their reasons for their declination.

Their reasons in brief are these:

They do not believe that clergymen have a moral right to bind themselves by a contract or rule of action which has no sanction in the law of either Church or State.

The position of their brethren who entered into the agreement they regard as inquisitorial, in that it assumes every man to be guilty until he proves his innocence.

In its application it would be humiliating and offensive to the point of being insulting to pure and clean men.

In its application it would be a marriage of a sinstainted man it would be nil.

The certificate would be valueless because such is the nature of the disease that it can not always be discovered by physicians.

The cost of the required certificate would be a drawback to the poor and insistence upon it by the Episcopal ministers would lay the church open to the charge of being a rich man's church.

Several other objections are given in the statement which was signed by Landon Mason, of Grace Church; J. Downman, of All Saints J. J. Gravatt of Holy Trinity; R. A. Goodwin, St. John's; J. Francis Ribble, St. Anew's; Hugh W. Sublett, St. John's; David H. Lewis, Grace Church; Philip A. Arthur.

In a fit of temporary insanity D. A. Dodgen living near Carnegie, Okla., shotand killed his wife and infant child, fatally injured his father-in-law and seriously wounded two other men who attempted to subdue him. Dodgen, fled, but was captured by a posse at Fort Cobb, eight miles away.

SAYS DUFF ASKED $10,000.

Detective Declares Elkins' Manager Offered $16,000.

Webster Springs, Va., July 10.—Joseph A. McClane, United States Senator Davis Elkins' campaign manager during the campaign for that office in West Virginia last winter, was a witness in the trial of Rath Duff yesterday, Duff being on trial for alleged bribery in connection with the choice of a senator by the Legislature McClane detailed a conversation with Duff when the accused was solicited to vote for Elkins.

"A vote for Senator is worth $6,000 and $100 a day expense money," McClane said Duff told him. "'Duff informed me he had four votes to deliver. I offered him $16,000 in an effort to ascertain whether the other senatorial candidates were expending money, but he refused to inform me whose the four votes were, and left me with the statement that he was joking."

"Then your offer was not made in good faith? asked Congressman Davis, who is Duff's attorney.

"Certainly not," came the answer At another time during the session McClane said, he met Duff and the latter, taking a pad and pencil from mhis pocket, wrote on it. "This is the way to beat the dictagraph."

Detective Guy Biddinger, who entrapped the indicted legislators, testified that Duff had demanded $10,000 for his vote for W. S. Edwards for the United States Senatorship and that he had told him the price was too high. Duff, he said, told him that McClane had offered him $16,000 for four votes, with $100 a day expenses.

Duff used a pad and pencil, the witness declared, during the early part of the negotiations, but was later persuaded to discard his method of communication.

Herr Lendner, a German aviator and a Frenchman, who was riding as a passenger, were killed yesterday at Wuerzberg, Germany, during an aeroplane flight. The section master found the mangled body when returning from work.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

THE UNDERWOOD TARIFF BILL.

Our stand-pat Republican contemporaries see nothing but what can be construed as unworthy in the decision of the Democratic senators to support the Underwood tariff bill almost unanimously, and speak of the impossibility of achieving an honest revision by Congress, predicting that no tariff legislation will ever be satisfactory until passed by a non partisan board or commission which, laying aside politics, will view the question from the angle of economics. This is the old, old story. It is easy enough to have a tariff bill prepared by so-called non-partisans, but it cannot become a law until acted upon by Congress, and so long as senators and representatives come from states having widely diverse interests, so long will there be opposition to any plan proposed, or to any schedules reported, whether the suggestion comes from a ways and means committee or from a tariff commission.

It is quite conceivable that in a small country there may be entire unanimity of opinion upon such economic questions, but in a nation like ours, extending from East to West over three thousand miles, it is impossible to imagine how there can ever be complete harmony on such a subject. The Democrats are justified in seeking to carry out their party's pledges, but they cannot expect to please everybody. Do our Republican friends recall that the Payne-Aldrich bill gave universal satisfaction? As for these thoroughly competent, non partisan commissions, with no thought save that of national prosperity, that may exist in heaven, but will probably be found right scarce in these parts.

WOMAN DANCES WITH CHAMPANZEE.

St. Louis society is agog over the identity of a blond "pink lady," said to be a debutante, who danced a monkey rag" with a real Simian at the Fourth of July celebration at the Sunset Inn. A cabaret entertainment began at 8 p. m., and lasted until 10 p .m. In this entertainment was "Napoleon I," the chimpanzee. Dressed in full tuxedo, neatly shaved and manicured, he occupied a table in the center of the dining room and partook of chicken a la king, lyonnaise potatoes, watercress salad, and beer. Naturally he was the cynosure of all eyes. He proved himself a temperamental creature by falling desperately in love with the blond vision in pink seated near him.

Dr. Adam Clarke, the well-known Methodist commentator on the Bible, after having scratched his head many years while meditating on the story of the fall of our first parents in the Garden of Eden, said he believed Eve was led astray by some specimen of the simian creation in other words, that she was the victim of a man monkey. The doctor labored assiduously to sustain his opinion, he having taken the original Hebrew word Nahash) and proving, to his satisfaction and probably to that of many of his readers, that a serpent should not bear the odium of having brought sin, death and all our woes into the world, but that some parody on man brought on the trouble.

This famous father of Methodism, were he living, would doubtless be horrified to read that a daughter of Eve, in the twentieth century, was dancing with the incarnation of the spirit which worketh in the children of disobedience.

It would make it right hard for the space fillers this summer but would be a good thing, nevertheless, if Europe would only spank the Balkans.

We thought, at least, that the question of the District Commissionership was settled, but it appears that the President made a horrible blunder, according to a number of people who wanted to see different men appointed.

Governor Blease is getting awfully hard-headed. He has only pardoned 700 convicts during the present administration and announce that he will pardon no more until Thanksgiving. He is probably waiting that long to give the penitentiary a chance to fill up.

Now we will have to worry all the way to August 5th without an election. It was sort of inconsiderate, all these city officers getting by without opposition.

THE PROPOSED HIGHWAY.

(Communicated.)

Regarding the location of the new Richmond-to-Washington highway, one fact is beyond dispute and should be a matter of first importance, especially in view of the fact that the money with which the road will be constructed is to be provided by the State and County aided by such private contributions as can be obtained, and, as I understand, a contribution of $1,000 per mile by the Automobile Association. This, then, makes it primarya state and county affair, and in view of this it behooves the State and County to see to it that its location is such that its construction will do the greatest good to the largest number of persons. Furthermore, this is to be a utility road, and not a road entirely in the interest of a very few rich men of the neighborhood advocating certain routes, who own automobiles, in which they ride about largely for pleasure. Now, then, if this is true, why construct a new road in a territory in close proximity to the river with its possibilities as a means of transportation and travel, also an electric railway to Mount Vernon, with stations in some sections only a few hundred yards apart, and trains from early morning to late at night? There are two good carriage and wagon roads from Alexandria to Accotink via Gum Springs and the prospect of Mount Vernon Avenue in the near future, which, if built, will doubtless adopt one of these roads or certainly closely parallel both of them.

In all conscience is not this enough for this section? The Telegraph road, on the other hand, traverses a section having a wide area on either side, with no other road except a few feeders. This road is the old King's Highway, later the old Stage Road, whereon a line of stages was maintained from Alexandria to Richmond and the South. It was constructed at a time when men were influenced by ideas of usefulness and availability and a knowledge of where they wanted to go and going straight there if possible. The Telegraph Road is shorter by two miles than the river road and also much shorter than the Kirby Hill road. Why, then, indeed, was not the Telegraph Road adopted in the first place, and why now should this old road, which has been a main route of travel from North to South almost since the white man first set foot on American soil be disregarded or rather discarded on this occasion?

As before stated, it is so much shorter and will open up an area four times as large as either of the proposed routes, which are already provided with roads of all kinds as well as river communication. The Telegraph Road will develop a territory very much neglected and put it in close touch and influence with Alexandria City.

Now, we of the Telegraph Road are not piggish. If we had an electric roadbed as has this other section we would not ask for more.

As to road building material the Telegraph Road has an abundance and free for road construction.

Gentlemen, it looks as if you want it all. — X. X.

NECKBANDS OF RIBBON

DECORATED WITH MOCK JEWELS, THEY ARE MOST EFFECTIVE.

With Cheap but Carefully Selected Stones a Perfect Imitation of the More Costly Ornaments May Well Be Achieved.

Neckbands of velvet ribbon on which are sewed rhinestones, crystal or jet beads are easily made and very effective.

The popular width for neck velvets this season is an inch or a tride more and where the rhinestones are sewed on to simulate slides the inner side of the velvet ribbon is stiffened slightly with a piece of satin covered collar bone. In making such a neckband measure off an inch and a half on each side of the front and at this point sew a closely set row of tiny brilliants which cost as little as ten cents a dozen. So placed and well stiffened underneath these simulate the jeweled slides of the more expensive neckbands.

This leaves a center space of three inches for special decoration. A good way is to festoon, from one upright to the other, three or four strings of small beads, letting the lower string droop below the line of the velvet band. Another easy decoration is to use a single string of beads for the the festoon and in the middle attach a small pendant. A single pear shaped mock pearl is good for this purpose and so are many of the inexpensive pendants of mock jewels.

Hand made pendants are easily fashioned by covering with black velvet two circles of cardboard of about the thickness of a visiting card. Sew them together with a neat over and over stitch, drawing the sewing silk tight enough to sink into the pile of the velvet. If pearl beads have been used for the neckband sew small pearls at intervals around this velvet circle, threading the beads so that they shall lie out from the circle like a little frame. Have a center formed of a jet or pearl cabochon with three or more radiating lines of small beads.

Such a finish for a velvet neckband may be varied almost indefinitely and the size may range up to the dimensions of the popular enamel lockets. Given with a neckband of black the pendant may be of any bright color with an encircling row of jet beads and a center ornament of jet and rhinestones.

Neckbands of folded black malines are a novelty and are easily made along the same lines as the band of velvet except that the rhinestones or pearls used to simulate slides should be sewed to a background of the narrowest of satin or velvet ribbon and the necessary boning placed on the inner side.

CARRYING SMALL PACKAGES

(Photo. by Underwood & Underwood, N. Y.)

For the convenience of the woman shopper a bag of immense proportions has been designed, for carrying small parcels. It is of gold embroidered cloth, with shades of old blue, and can be carried with ease by a long silk cord slung over the shoulder. The bag has met with instant popularity by New York shoppers.

No Place for Hairpins.

In Farm and fireside, a telephone expert, writing an article on the construction and use of telephones in rural districts, says:

"Don't use the instrument for a shelf, and above all don't put hairpins or other metals on top of it. I have more than once driven along road in winter to pick a hairpin or a handful of them off an instrument which they were short circuiting out of business."

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

TO ENLARGE NAVY YARDS.

Secretary Daniels Wants Them All Equipped to Build Vessels.

Washington, July 10.—Another important administration policy with regard to naval affairs became known yesterday when Secretary of the Navy Daniels announced yesterday that every navy yard in the country will be equipped for the construction of naval vessels.

This announcement came following a prolonged conference between the Secretary, his division heads and the commandants of the Atlantic Coast navy yards.

Mr. Daniels declared that this was the only possible way of guaranteeing competition in the construction of naval vessels. He said the ownership of government plants for the manufacture of armor plate and naval guns was the only way to get sure competition in those lines too.

It is proposed to build at every active navy yard a plant for the construction of a vessel of one type or another. This is to be done with the money which the Navy Department would otherwise ask for the erection of additional buildings and for the purchase of additional land at the present stations.

GETS TEN YEARS.

Joseph Price Robs Newsboy and Gets Maximum Punishment.

Richmond, Va., July 10.—Found guilty of holding up Percy Rice, a small newsboy, on the Brook Road, and relieving him of 1 0cents and a necktie, Joseph Price, a negro, was sentenced to ten years in the State penitentiary by the jury yesterday in Henrico Circuit Court.

When the little boy took the witness stand he positively identified Price as his assailant without the least hesitancy. He declared that he was on his way home when the negro grabbed him by the ear and demanded his money. Before he could make any reply the negro proceeded to rifle his pocket. The jury was out only a few minutes when they returned the verdict which was the maximum penalty.

SOLDIERS IN CAMP.

Social Feature of the Encampment Is Scheduled For Tomorrow.

Camp Harvey M. Dickinson, Virginia Beach, Va., July 10.—Yesterday again broke crisp and clear and the men were in good humor for the work ahead of them at the State encampment. Extended drills featured the morning, while target practice was held all day. Dress parade was held at 5 o'clock in the afternoon.

The officers of the Virginia brigade will give a ball at the Virginia Beach Casino tomorrow night. Col. Jo Lane Stern and Col. Allen Potts secured the pavillion at Virginia Beach and called the brigade officers together and a committee of thirteen has been appointed to arrange for the affair. The ball will be a brilliant social function and the feature of the encampment from a social standpoint. Mrs. W. W. Sale will send out invitations from Virginia Beach, where she is spending the week. She will have the assistance of some of the social leaders of Norfolk.

While it is too early to form an idea of what fifteen men will have a place on the state team it is expected that at least ten of the number will be picked from the Staunton Rifles, of Staunton, which company has more "sharpshooters" than any other one company in the brigade. This organization is under the command of Captain H. L. Opie, who is himself an expert marksman and enthusiast on target shooting and keeps the men under him continuously at practice. The result is that he has developed a number of crack shots.

ENDED LIFE WITH PISTOL.

Despondent Philadelphia Photographer a Suicide at His Home.

Philadelphia, July 10.—Suffering from an acute nervous breakdown, Harry B. Hansbury, a widely-known Chestnut street photographer, committed suicide yesterday morning at his home, No. 742 north Forty-first street, by shooting himself. Two months ago he fell ill from overwork, and during the last few weeks had been suffering raprly. Although he spent Tuesday in his studio working as usual, he returned home in the evening in a very despondent mood.

DEATH OF ALICE CRISPELL.

Second Man Implicated in Fate of Unfortunate Girl.

Wilkesbarre, Pa., July 10.—Evidence tending to implicate a second man in the death of Alice Crispell, the eighteen-year-old girl, whose body was found floating in Harveys Lake two days ago, was furnished yesterday by Sephania Reese, an automobile dealer of the village of Plymouth. Reese attended the Fourth of July celebration at the Oneonta Hotel and there saw Alice Crispell with Herbert Johns, her fiance, and a number of their friends.

Shortly after 11 o'clock that night Reese drove a party from the Oneonta Hotel to Wilkesbarre, and when passing Weckasser's boathouse, where the murder is believed to have occurred, saw a man in a dark suit crouching on the piling of the pier. When Reese left the hotel Miss Crispell and Johns were still there. When Reese returned from Wilkesbarre he saw a man wearing a gray suit and a panama hat dragging the Crispell girl along the road near the boathouse, and the same man in the dark suit was still crouched on the pier, watching the movements of Miss Crispell and the man in the gray suit.

Reese said that Miss Crispell appeared to be either drugged or intoxicated, and did not resist the efforts of her companion to carry her along. Reese turned to get a last look at the couple after passing the bathouse, and was surprised to find the girl had disappeared and the man in the gray suit running over the fields, while the man in black remained on the pier.

"The LIFE of a wagon is what counts —that's why I buy a Studebaker"

"That's reasonable, isn't it?"

"A wagon that doesn't last is expensive no matter what price you pay for it."

"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?"

"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction."

"A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's *right*, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality."

"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business."

"A Studebaker promise is always made good."

Owes Life to This Consumption Remedy

It is beyond human power to perform miracles. The makers of Eckman's Alterative, a remedy for Consumption, do not claim that it will restore every one to perfect health, but so many have voluntarily testified it saved their lives, that all who have this dread disease should investigate and try it. It should stop the night sweats, reduce fever, promote appetite and in very many cases, prolong life. Read what it accomplished in this case:

Catherine Ave. and Ascot Place,
Queen's Court, L. I.

"Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty cough and went to several doctors, including a specialist. Their medicines failed, so then went to the Catskills, but the cough still kept up. I stayed there a year and then went on a farm near Jersey City, a very sick man.

"My brother then recommended Eckman's Alterative to me very highly. At first I would not consent to use it, owing to the fact that I had taken so many medicines without being helped in any way, but finally I consented. It is now nearly two years since I first took it. I am now cured and I dare say that I would have been buried long ago if it had not been for Eckman's Alterative. I wish to thank you for the Godsend to me. Wherefore I do highly recommend the Alterative as I owe my life to it."

(Sworn Affidavit) JOS. J. TROESCHER.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists
